

PENTUCKET REGIONAL SCHOOL LUNCH PROGRAM

Elementary Schools Prepay Meal Plan 2009-2010

Each student was/or will be given a random 4 digit pin number (which remains the same until graduation) and is to be used at the computerized lunch-line registers. To help increase the efficiency of the lunch lines, we strongly encourage using the "Debit Account" to pay for your child's meals. Checks can be made out for weekly or monthly amounts and the monies will automatically be deducted from the account every time the child's pin number is entered at the register. If the student is absent, the monies remain in the account until used. Any unused balances at the end of the year will automatically be transferred as beginning balances for the next school year.

Any child receiving reduced priced meals is **required** to prepay for lunches on a weekly or monthly basis.

****Again this year.** Assorted A la Carte snack items (priced from \$0.25 cookies - \$1.00 bottled water/canned juice) will be available for sale at the registers. If you would like your child to be able to use pre-pay monies to purchase snacks, please indicate that permission with your lunch & snack payment. Daily snack limits can also be indicated (see enclosed form).

***NOTE:** June's 13 day prices DO NOT include any days in which school is closed for snow. If there are any snow days during the year, those days will be added in June (i.e. 2 snow days: June now will have 15 days (13+2) cost \$30.00.

***Coming soon....**You will be able to monitor your child's lunch account and pay for their lunches in the convenience of your own home with the **on-line lunch payment option**. This option, when available, will be posted with complete details & instructions on the prsd.org website under "school lunch".

If you have questions, please contact the Food Service Director at 978-363-5557.
